

Will my new company qualify for PayPal Website Payments Pro?

Thu, 2009-10-01 16:21 — David Gendron

PayPal Website Payments Pro is only available to US residents. With our USBPP and a company bank account in the USA you will qualify for a US Business PayPal account to be able to send and receive money through the PayPal system worldwide, but PayPal and their merchant provider partners require that PayPal Website Payments Pro be guaranteed by a US resident owner, so unless you actually, physically, live in the USA, PayPal Website Payments Pro isn't available to you. If you want to be able to accept credit card directly we only know of one company that will take foreign owned US companies as clients, click here for details:
